

FutureNova

iBioShield™ 10X

The Antimicrobial iPad® Case

WATER CHEMICAL SHOCK RESISTANT

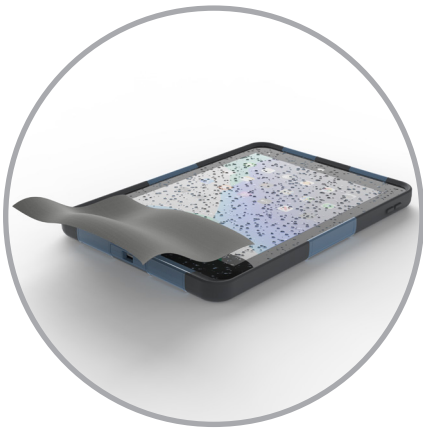

Compatible with iPad® 10.2" (9th Gen)

FutureNova

iBioShield™ 10X

Simple charging

Resistant to chemicals

Safe and secure

Material

Medical-grade, FDA approved plastic protects the iPad from abrasion and aids in infection control. Built to withstand a military drop test.

Resistant

Withstands infection control chemicals, high concentration bleach, liquid spray and cleaning wipes without damage to the iPad.

Screen

Tough, armoured glass screen is shatter-proof, resistant to daily scratches and accidental damage. Works with the Apple Pencil®.

Sensitivity

Highly responsive screen sensitivity, even whilst wearing surgical gloves in high infection control environments.

Camera Lens

Strong, clear glass lens gives unobscured vision from front and rear cameras, optimized for barcode scanning and patient imaging.

Smart Charging

Option to charge via standard Apple Lightning Cable or our Smart Adaptor, for safe bank charging with Ground Control compatibility.

Weight: 465g / 16.4oz

Outer Dimensions: 285 x 200 x 19mm / 11.2 x 7.9 x 0.7in
