

FutureNova

# iBioShield™ 10X Rotary

The Antimicrobial iPad® Case

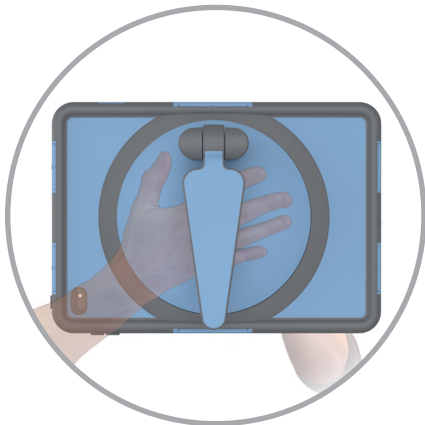

WATER CHEMICAL SHOCK RESISTANT

Compatible with iPad® 10.2" (9th Gen)

# iBioShield™ 10X Rotary

Simple charging

360° rotation

Clamp onto bed rails

## Rotary Handle

---

Rear stand rotates seamlessly and angles accurately around 360°, grips any surface in portrait or landscape, and folds flat for typing. Can be clamped onto bed rails or hands.

## Material

---

Medical-grade, FDA approved plastic protects the iPad from abrasion and aids in infection control. Built to withstand a military drop test.

## Resistant

---

Withstands infection control chemicals, high concentration bleach, liquid sprays and cleaning wipes without damage to the iPad.

## Screen

---

Tough, armoured glass screen is shatter-proof, resistant to daily scratches and accidental damage. Works with the Apple Pencil®.

## Sensitivity

---

Highly responsive screen sensitivity, even whilst wearing surgical gloves.

## Camera Lens

---

Strong, clear glass lens gives unobscured vision from front and rear cameras, optimized for barcode scanning and patient imaging.

## Charge and Sync

---

Charge via Apple Lightning Cable, for safe bank charging, compatible with mobile device management software.
